Slow down motorised traffic speeds to the 20mph restriction (e.g. speed monitoring, sleeping policemen)	<input type="checkbox"/>
Prohibit heavy goods vehicles from using Arbury Road east (to prevent houses from shaking)	<input type="checkbox"/>
Reduce the volume of motorised traffic using Arbury Road east during peak hours, given the extensive tailbacks being experienced (with attendant pollution)	<input type="checkbox"/>
Improve pedestrian safety on Arbury Road east by removing on pavement parking and on pavement cycling	<input type="checkbox"/>
Improve pedestrian safety on Arbury Road east by introducing new zebra crossing half-way between Milton Road lights and the North Cambridge Academy	<input type="checkbox"/>
Reverse decision to exclude residents on northern side of Arbury Road east from being eligible for parking permits under the Residents' Parking Scheme	<input type="checkbox"/>
What else would you like to see done? (Please add here)	<input type="checkbox"/>
